These books have been selected by librarians working in public and school libraries throughout New Jersey to be the *best published in 2008*. **Determine the three most popular titles with the children in your library in each of the four categories.** If you must, you may use circulation figures, but please try to get the children of your community directly involved by setting up a ballot box and display of the nominated books. After compiling your votes, write in the first, second and third choices in each of the four categories.
